Promoting Recycling Fund at Eco Expo Asia 2015

Recycling Fund exhibition booth was set up at Eco Expo Asia 2015 from 28 October to 31 October 2015 to display various locally recycled products and promote the Recycling Fund among the recycling industry and the public. The Eco Expo Asia is an international trading platform showcasing the latest innovations in environmental protection industries from around the world and attracts local and overseas waste management and recycling experts and practitioners to join the event every year.
