Briefing on Recycling Fund: HK\$15 Million Cumulative Funding Ceiling per Enterprise

Do you have any new idea to collect more waste from the community or recycling recyclables into new and innovative products? To enhance operational capabilities and efficiency of the recycling industry, the cumulative maximum funding amount of Recycling Fund under the Enterprise Support Programme has been raised from HK\$5 million to HK\$15 million for 10 projects per enterprise.

On 16 January, the Secretariat of Recycling Fund will share with you the programme details and assessment criteria. You will also be able to learn about the quantitative and qualitative requirements of recyclables as well as advice on processing your first applications. The briefing covers:

- **Application details and assessment criteria of “Recycling Fund – Enterprise Support Programme”**
- **Streamlined application process of “Standard Project - HK\$1M” for SMEs**
- **“Solicitation theme” for new enterprises and startups**
